## 1st Annual Floating for Families Duck Race Celebrating National Children's Day

March 1, 2019

Dear Friend,

Family Patterns Matter and Sisters for Society Corporation are partnering to premier our 1st Annual Duck Race, we are raising funds to help prevent families from reaching the stages of homelessness by utilizing the services and resources we provide. Our mission is to provide a safe environment where these families leave with a sense of dignity and empowerment from the skills and tools they have learned to keep them in a stable living environment.

Every Summer we will bring the community together to inform them of resources that are available for them, through hosting this race and community festival. The morning event will kick off at Lynch Park Pool, (which is located at 23 Richard Allen Drive in Newnan, GA). As everyone gathers to see this event, we will begin with the guest speaker of available resources then start the race. At the conclusion of the race the festival continues with grilled food, games, community markets, and face painting, etc. The winners of the race will be announced for 1st, 2nd and 3rd place.

We are asking that you take part in this event and help us by sponsoring a duck. Now, in addition to your sponsorship you also have the chance to win one of three prizes depending on your sponsorship level.

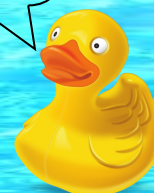

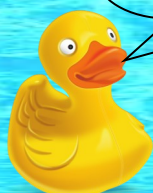

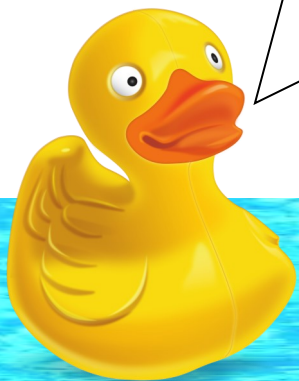

Please see the attached sponsorship levels to increase your chances by sponsoring more ducks.

**PLEASE SPONSOR US TODAY!**

Kindest Regards,

*Linda Kirkpatrick*  
Executive Director  
Family Patterns Matter

*Kavian Baker*  
Executive Director  
Sisters for Society Corporation

Did you know that homelessness has a negative impact on children as well as adults? It is a known fact that they suffer with behavioral problems, depression, anxiety and poor self esteem.

Yes, that's why I got a sponsor for this race! I'm choosing to change that sad but true fact!

Maybe I should sign up too.
